Checkers Industrial Safety Products is a leading global manufacturer & distributor of industrial and traffic safety products. Harvey & Company helped initiate the platform and then successfully sourced 5 strategic and complementary add-on acquisitions for Checkers over the last 5 years. In a unique situation, Harvey & Company was brought on board by the private equity fund during the closing acquisition stage to immediately source strategic add-ons for Checkers.

- **New platform initiated by Harvey & Company**
- Market leader in cable protection and wheel chocks
- Also manufactures warning whips and specialty warning lights

- Checkers acquires #1 competitor
- Increases market share for cable protection

- Adds medium duty outdoor mats to Checkers' product portfolio

- Increases market share for medium duty outdoor mats

- Adds market leader in industrial light/medium duty mats
- Checkers quickly becomes one of the largest industrial safety mat companies

- Creates a new platform for highway & traffic safety products
